## **UPDATED CAMPUS SCHOOL ADMISSIONS POLICY**

Beginning with the 2022-2023 school year, applications for enrollment will be distributed and accepted during the annually designated open enrollment period of December 1st – January 31st. All applicants will have an equitable opportunity to attend Campus School regardless of birthdate. Families who have already applied for the 2022-2023 school year will need to reapply during the open enrollment period of December 1, 2021 - January 31, 2022.

There will be no waiting list as applicants will be randomly selected to fill vacancies. Siblings of currently enrolled students will continue to be eligible for priority admission. To be considered an eligible sibling, the currently enrolled student must be attending Campus School the same year the sibling will be attending. In the case of twins, if one receives an offer and accepts, the other twin will receive sibling priority. In the case of siblings who are not current students, if one receives an offer and accepts, the other child will receive sibling priority.

Families will be notified of acceptance beginning in February by one of three ways: mail via the United States Postal Service; email; or phone call. Applicants will be given a deadline to notify the school of whether they wish to accept or decline the offer. If there is no response by the deadline, the applicant will be removed.

Please note that during the open enrollment period, the only confirmed vacancies are in Kindergarten. Campus School also is allowed the option to add additional students in fourth and fifth grades. Applications for first, second, and third grades will be held until a vacancy arises. This typically does not occur until late May or early June after current families complete and submit a Student Intent form for the following school year.
